NEIGHBOURHOOD WATCH CO-ORDINATOR

A vacancy has arisen for this volunteer position within Kniveton. If anyone is interested in taking up the role please contact Sarah Mead for more details.

Sarah can be contacted on 01335 347079

Hello Knivetonians,

It's been a bittersweet time of year - all the fun of the Christmas and New Year Festivities interspersed with sad goodbyes.

There will be a pub quiz on March 25th to raise money for St Oswalds Hospital where dearly missed Jane Martin spent her last few days. Please let's all try to support this event in the memory of Jane - let's pack the pub out! More details on page 19. Mark has asked us to thank everybody in the village who offered himself and Jane such warmth and support over the last few months - even though they have only been in the village a few years they have been made to feel very welcome.

The village BBQ is on the cards for summer, if the organisers can get enough volunteers to help organise it. There is a meeting in the Red Lion on Friday 16th March - please come along if you can.

The front cover of this issue is a lovely reminder that spring is just around the corner.

VILLAGE B-B-Q

The Griffiths Family have kindly offered their lawn and yard for a village BBQ (you do wonder about their mental health sometimes!!)

However this will only take place if we can get some volunteers to help organise things before hand.

So there will be a meeting at The Red Lion on Friday 16th March at 8.00pm to see if there is enough helpers for us to have a BBQ.

If you can't make the meeting but are willing to help please tell myself, The Griffiths family or Doug and Leslie before the meeting.

See you there

Botty

Kelly Marie Hand, daughter of Kevin and Pauline Hand, Granddaughter of Gwen Sargeant, all of Kniveton, married James Edmundson from Addingham, Yorkshire on the 5th October 2017 in Grassington, Yorkshire. Kelly was formerly a pupil of Kniveton primary school.

Forty close family members and friends travelled from far and wide to attend the ceremony, the furthest being James' sister and Brother in Law who travelled from Australia.

Kelly and James will make their home in Ilkley, Yorkshire where Kelly works as a Solicitor. James currently commutes to Belgium and works as a Project Manager for Johnson and Johnson.

KNIVETON WI

It was good to meet up again after the Christmas break and we had lots to discuss regarding what's coming up during 2018. We have a full and interesting calendar of events to look forward to.

This month our speaker was Emma, whose actual business is Copestone Drystone Walling. The subject was "Waste not, Want not". It was very enlightening to hear just how much food the average household wastes; each person wastes about £200 per year on throwing away food.

Emma and her family decided to try one month without shopping for food. They used foods from their store cupboard and freezer and traded with friends and neighbours for perishables such as milk, butter, etc by exchanging some of their home grown produce. They also had an arrangement with a fruit and veg market trader to take any produce left over that would be thrown away. If they had too much of an item they would batch cook and freeze or trade for cleaning products etc. They became quite innovative with their cooking, preserving, and freezing. It was fascinating to hear some of the ways they used left overs etc. It was quite time consuming for them but it has made them more aware when they shop for groceries now and they always write a list beforehand.

Emma had us all exchanging ideas on using up leftovers and what foods we could freeze and how. She also suggested holding a trading day, where we all brought something we had produced ourselves i.e. Jams, cakes, plants, veg, etc and traded with each other.

A very interesting evening, Food For Thought!!

Our next meeting is on 21st February and our speaker is John Barnett, from our own village and he will be telling us about "Female Transportation to Australia and Tasmania".

Sally Moseley will be our speaker on the 21st March and her topic is "Peak District Guided Walks" Last year she had some great slides to show us and gave a well informed and entertaining talk. She showed us many places and told us many facts about Derbyshire and it's history that we did not know, and many of our members have lived in Derbyshire all their lives!

Sally leads guided walks in the Peak District and is very experienced at leading themed walks, often with her dog. She inspired us all to go out there and keep exploring and we are so glad to have her back this year!

If you would like to come along to sample our WI, our meetings are every third Wednesday of the month at 7.30pm. We are a friendly bunch and you would be made most welcome

KNIVETON PARISH COUNCIL

JANUARY MEETING

At the Parish Council meeting on 16th January 2018 the following decisions were made:

Highways

Another traffic survey to check speeds along the B5035 is planned – many thanks to Melvyn for volunteering to help Councillors Barnett and Nelson with this.

The Council is arranging for 2 flowering planters to be placed on Main Street (near the village signs) ready for the Spring. Many thanks to Standlow Farm Cottages for sponsoring these.

Speed Survey - the Council is requesting a new survey at the Hillocks be carried out

The Council is arranging for the flashing that has come off the bus shelter roof to be refitted

Planning

Peak Waste delegates Richard Martin, John Partridge and Ian Howard attended the Parish Council to explain that they have applied for a permit to burn grade C waste, which includes none clean wood, on the basis that they anticipate that the Environment Agency may stop sites from burning just A grade (clean wood) waste.

They provided the following information:

Grade B/C wood, sometimes referred to as none clean wood, is plywood & chipboard which contains paint and/or glue. It is burnt at a higher temperature.

The system burning this type of wood has a continuous emissions monitoring package which shuts down the boiler if anything other than wood was in it. A ceramic filter fitted on the boiler guarantees there is no smoke produced.

Controls are in place which are not in place for Grade A burning so the system is more environmentally friendly and, importantly for Peak Waste, future proof.

Data produced shows data of all burnt waste at the time it is burnt, and this is inspected by the EHO.

Peak Waste burn only their own waste not that of other companies and most of wood they burn is Grade A.

Footpaths

There are concerns relating to the safety of the footpath 38, the footpath that joins FP 9 (at the top of James's Lane) to FP 7 (which crosses over the fields between the Gitty and The Caravan Park). The Council is considering whether to request Derbyshire County Council close it because the path is not needed for public use. There is a cost to this and before spending any money the council wants your views on whether the footpath should be closed or not. Please let Kath know what you think about this.

Angel Festival

Many thanks to all who visited or helped with our Angel Festival in Kniveton.

Everyone seemed to enjoy our creations, and we raised approximately £2400, which we are sharing between 3 charities - Derby Night Shelter, PEAS, and Kniveton Church.

The Get Together Club

We left for Bournemouth on 11th December, everyone was really looking forward to it after having such a good time last year.

We arrived in Bournemouth after travelling through countryside that had been badly affected by the snow but fortunately we were able to get through on the motorways. The hotel was excellent with good food and entertainment in the evening.

Tuesday was a free day in Bournemouth to enjoy the town and German Market and because the weather wasn't that bad some of us walked up to Boscombe.

Wednesday we had a day out in Christchurch where some members took part in the service at the cathedral while others just enjoyed the town.

Thursday we went to Salisbury where once again some enjoyed the service at the cathedral whilst others enjoyed wandering around and looking at the beautiful building. Molly and Harvey were both invited to take part in the communion service in the cathedral and I am pleased to say both behaved impeccably. After all this we went Christmas shopping in Salisbury and everyone finished their shopping.

We are now looking forward to next year and hope we can welcome some new members from the village. Everyone is always welcome and you can pick which trips you like even if it's only a holiday.

We don't have a meeting in January but that trips for the next 3 months are:-

- | | | |
|--------------|---|----------------------------|
| 8th February | - | Parky's for Afternoon Tea |
| 8th March | - | Lunch at the Gate, Tansley |
| 12th April | - | Bletchley Park |

The holiday for 2018 is to Tenby and we leave on 22nd June and return 27th June.

If you are interested in any of the above please contact Liz Howe (346078) Margaret Marriott (346413) or Pauline Pilkington (300088)

If you would like a copy of next year's programme please contact Liz (346078) email: liz.howe1579@btinternet.com

The Get Together Club

Once again we boarded the bus. To Bournemouth we were going.

As we drove off, we couldn't wait, especially as it was snowing.

Tinsel and Turkey was the name of our treat.

The Whitehall hotel was where we should meet.

Tea and mince pies were served on arrival,

As it was Xmas eve we all felt convivial.

Great entertainment after superb food,

Put us all in a very festive mood.

On our second day was Xmas day Father Christmas came and gave us a gift.

I sat on his knee, it gave me a lift !

The entertainment at night was very good.

once again we enjoyed the excellent food.

The next day was New years eve we were relaxed and the weather was fine.

We partied, danced and drank and sang Auld Lang Syne .

I am fairly new to the village and so pleased Liz Howe invited me and my husband Peter to join the Get Together Club. We have had some wonderful breaks including a memorable trip to Scotland and the Isle of Skye. Everything is arranged by Liz Howe and planned in advance. We usually have the same Driver Adam who is kind and helpful. Anyone can join, just contact Liz - Hope to see you Best Wishes

KNIVETON CHAPEL NEWS

Kniveton chapel had an enjoyable carol service led by Tom Parkinson. Tom had asked chapel members to choose a favourite carol and explain why. The reasons were varied and moving, and many brought back memories of families, friends and past services held in the chapel. We were blessed as usual by the contributions from children of the school, who sang beautifully and clearly for us. We usually donate the offertory to a national charity, but this year we asked Mrs Board, the head teacher, who we understand is going out to their partner school in the Gambia, to use the money to purchase 2 donkeys and 2 carts for the use of the villages. These will be in memory of Sister Merle, and the donkeys will be called Merle and Helen (Merle's second name). To achieve the amount needed we made an additional contribution from the harvest auction funds.

We extend sympathy to Rev. Tim (Morris), whose father died after a long illness. It has been a long and stressful time for Tim and his family, and we pray for more peaceful days to come.

We look forward to another year of friendship and fellowship as we continue to meet together. We thank residents in the village who continue to support our services, either regularly or occasionally. Our next services will be held on 11th February at 2.30 pm, 25th February at 11 am: 11th March at 2.30 pm and 25th February at 11 am. A warm welcome is extended to all.

Betty Hadley.

KNIVETON SCHOOL

Class two enjoyed writing lots of poems last term. Some of these contributions are about animals, some about the wind.

Horse Chant

by Florence Woore

Bad horse, nice horse,
Trample on the mice horse.
Ginger horse, white horse,
Scared of little heights horse.
Hot horse, cool horse,
Swimming in your pool horse.
Love horse, star horse,
Dancing on the bar horse.

The Wind

by Florence Woore

Who has heard the wind?
When it's going by,
Sometimes it blows snow,
Up to one metre high.

Who has seen the wind?
High, high in the sky,
When you hear the howling,
The wind is nearby.

Bad Snakes

by Evie Hodson

Green snakes, slimy snakes,
Riding in your hat snakes,
Good snakes, bad snakes,
Slithering on the path snakes.
Cool snakes, fat snakes
Looking like a bat snakes,
Happy snakes, sad snakes,
They are very mad snakes.

The Cat Chant

by Ellie Smith

Thin cats, fat cats,
Sleeping on your hat cats.
Fluffy cats, rough cats,
Thinking they are tough cat!
Friendly cats, rotten cats,
Wanting to be forgotten cats.
White cats, black cats,
Cheeky little Cheshire Cats!

Storm Wind by Ellie Smith

What colour is the wind?

Is it black or blue?

When there is a sand storm,

The golden wind is passing through.

What colour is the wind?

Is it black or blue?

When there is a thunder crack,

The wind is angry too.

The Falcon by Rhiley Foster

I'm a fierce falcon, a mean flacon,

A wild falcon and keen,

I'm a scary falcon a hairy falcon

So strong and rarely seen.

I'm a tough falcon, a rough falcon,

And I like to hunt alone.

The Wind

by Lacey Frith

Can you see the wind?

Is it black or blue?

You can't see the invisible wind,

But you can hear it whistle through.

You can feel it in the breeze,

The howling wind makes the trees wobble,

It makes your face cold,

And the waves crash on the seas.

Thin Cat by Ben Shipley

I'm a fat cat, a thin cat, a good cat and bad,

I'm a mean cat, a lean cat hunting on my own,

I'm a chatty cat, a tough cat, prowling all the day,

I love to play and hunt, to catch things is my way.

We think they have done some fantastic work...we hope you enjoyed them too.

Glenys Hulland

Glenys Evelyn Hulland was born 7 January 1946 to parents John and Evelyn Sutton. She was the youngest of 6 children, following Brenda, Barbara, John, Gillian and Bill. They grew up at White House Farm in Offcote where Barbara remembers her dressing up the cat and parading it round in a pram, a sign of her creative life to come.

Later on, she met and married local farmer Frank Lomas and they raised their 3 children, Philip, June and Stuart just down the road at Pethills Farm, here in Kniveton. She was a real farmer's wife supporting her family with cooking, cleaning, tractor driving, feeding the animals and whatever else was needed.

Summer was always a busy time with hay making yet those are some of our fondest memories when the cousins would descend to help out. It was hard work yet such fun.

Life doesn't always turn out how we planned and in time she and Frank divorced and she married Trevor. They met at Richard Lees where she was working in the canteen and have just celebrated 25 years of marriage – Trev says she was the best thing that happened to him.

Over time the family has grown to include our partners, Pip, David and Tina, Trevor's son Andrew and his partner Zara and inevitably Mum's beloved grandchildren - Richard and Marie, Karl, Adam, Josh and Sam, Sam, Rachel and Isabelle. And as they have grown up, the family has increased again with their partners, Kelly, Clemmie and Sophie. Then last year mum became a great grandma with the birth of Archie. She wasn't too happy when this title first went up on Facebook – (she was always a nana rather than a grandma) but I think the pleasures of a new baby in the family outweighed that.

She worked all her life, from the early days on the farm to the canteens at Richard Lees, Full Street Police Station and Wren Park school. Then in 2001, she and Trevor moved to Carsington to manage Knockerdown Farm holiday cottages. She retired in 2008 when they moved to Kingshollow Mews, 3 doors up from Stuart and Tina (very handy for hungry boys passing on the way from school). She managed retirement for 3 weeks then returned to Knockerdown as housekeeper. I'm not sure if it was the lack of a daily routine or being at home with Trev all day that drove her back. She also took on a couple of cleaning jobs to fill her time. One of those was for me when I was working - she had exacting standards so I used to do a mini-clean before she came. She ruined so many of her clothes with bleach. She did eventually retire properly last year and this time she stayed retired.

For us, we remember her love and care of us all; she was our rock – she was so proud and supportive of all her family, whatever they needed and was fiercely protective. She said that she never got upset when the three of us got told off at school as she figured we deserved it but it did upset her when her grandchildren were.

She kept a warm, comfortable home where everyone would be fed – even the dogs knew where she kept the biscuits. She loved dogs and they loved her; she was so overjoyed that she cried when Trev gave her Archie (the dog not the baby) for Christmas several years ago. He's now as lost as we are.

We all have such good memories of her food – roast dinners at Easter and Boxing Day, baking with the grandchildren, making cakes for church and other good causes. And there would inevitably be some to take home with us.

Her hands were always busy. I remember her making my dolls' clothes and over the years she has knit, sewn, crocheted, quilted, stencilled, drawn, made cards and many other things. She was a dab hand at painting and decorating, having a good eye for how much wallpaper you would need for a wall. And recently she had started painting furniture, even hand-made oak ones. Trev had been heard muttering about nailing the rest down before she could paint any more.

She loved her garden and had real green fingers; she could make most things grow. Her garden is quite small so she expanded into Stuart's sheep field, growing veg and flowers for all. She loved the colour red, sweets, russet apples, her soaps and shopping - she had patience enough to shop with us all, however long it took.

She was always tanned – a reflection of how much she loved the sun and travelling. We all have memories of holidays with her – from times on the farm, Prague, Krakow, France, Croatia to name but a few.

She battled pain for most of her life because of her arthritis but she never let it stop her laughing and she loved to laugh; she once said, “you can't give in to it or it will rule your life”. These last couple of years with her heart and her knee problems had been a real strain on her but she would never have given up, she was a fighter to the end.

The last memory is that she always used to say, “cold hands warm heart” to Sam whenever they touched hands as they were always so cold, then she'd hold them tight until they were warm. Now we've had to let go of her hands, but she will always be with us, in our hearts and in our love for each other.

And to finish, a poem by Adam:

*Where to start on something like this,
More and more I start to miss.
You mothered us all from the day we were
born,
Now you're gone we feel so torn.*

*The memories you've left us will be there
forever,
Don't worry yourself, we will look after
Trevor.*

*I never expected this news to hit,
When it did, it broke me into bits.*

*But I look back now with a smile on my face,
As I see Archie on the chase,
There is still so much I wanted you to see,
Even to say, hey nan, meet little me.*

*Boxing Day dinner - nothing will ever
compete,
This Christmas just won't feel complete,
Never mind not seeing your smile,
Or Sophie coming, and you say, I fancy a
new hair-style.*

*When you look down on me I hope you're
proud of what you see,
And I've turned into the man you would
want me to be,
I'll always love you, nan - though I was
jealous of your tan.*

*Thank you for looking after Oscar for me,
Even when you sent him home with a rich
tea!
And I couldn't write this without mentioning
the colour red,
All my love always, Fred.*
